Steam-powered tractors have been around since the mid-1800s, but it was the internal combustion models of the early 20th century that truly revolutionized the world of agriculture. Weary draft animals and overworked farmers all of a sudden got an enormous helping hand in their never-ending struggle to plow large spreads of land and pull heavy loads from field to field. Celebrate the beauty in both function and form of tractors in this unique wall calendar.

Plato Calendars is committed to sustainability. Our wall calendars are printed on Forestry Stewardship Council (FSC) certified paper from managed forests and are printed with soy- and vegetable-based inks, which are less harmful to the environment than petroleum-based alternatives.
