Known for their diminutive size, bright iridescent colors, and hovering flight, hummingbirds live only in the Western Hemisphere. However, they can be found almost anywhere between Argentina and Alaska. Early Spanish explorers called these migratory birds joyas voladoras, or flying jewels. This mini wall calendar features beautiful images of these vibrant little birds.

Plato Calendars is committed to sustainability. Our wall calendars are printed on Forestry Stewardship Council (FSC) certified paper from managed forests and are printed with soy- and vegetable-based inks, which are less harmful to the environment than petroleum-based alternatives.
